

Wood SWCD 2010 Spring Fish Sale

The Wood Soil and Water Conservation District is offering new and established pond owners the opportunity to stock their ponds more conveniently and at a low cost. Anyone considering stocking his or her pond in the near future should take advantage of this opportunity.

AN AERATOR TANK TRUCK FROM FENDER'S FISH HATCHERY IN BALTIC, OHIO WILL DISTRIBUTE PREORDERED FISH FINGERLINGS ON THURSDAY, APRIL 29, 2010 @ 9:00 A.M. AT THE WOOD COUNTY FAIRGROUNDS.

Bring your own containers filled with pond water. Your container should be filled as close to pick up time as possible to prevent drastic changes in temperature in the water which can cause shock to your fish during transportation. A 5-10 gallon can is adequate for 100 fish. *(TIP: a bucket lined with a clean trash can bag can easily be tied shut to prevent spillage).*

Fish are guaranteed to be in good condition at time of delivery; however, we cannot guarantee survival after stock in your pond. DEADLINE FOR ORDERING IS: MONDAY, APRIL 26TH.

Fish Species Available Are:

- Bluegill
- Channel Catfish
- Largemouth Bass
- Yellow Perch
- Fathead Minnows
- White Amur

Recommended stocking rates of fingerling fish for new or renovated ponds				
Number of fish to stock per acre
